 - A. Highest Winter/Fall league average with a minimum of 21 games for 2024-2025.
 - B. If A) is not available, the highest 2025 Summer League average of at least 21 games as of August 1, 2025 must be submitted if summer league average has not been submitted to USBC yet.
 - C. If not A) or B), the 2023-2024 USBC composite average must be submitted.
 - D. If not A), B), or C), the bowler will be assigned a scratch average of 230 or highest entering average if higher than 230.

The above averages will be verified:

- i. By the ORBIT committee using the USBC website www.bowl.com.
 - ii. If using a league average that has not yet been reported to USBC, then a copy of the league standing sheet showing at least a 21-game average as of August 1, 2025.

11. The per-game handicap for the tournament shall be based at 90% of the difference between the bowler's entering average (as determined in Rule 10 and 13) and the scratch score of 230, or

90% of the highest entering average, whichever is higher. All calculations will be rounded down to the next whole integer. Negative handicaps shall not apply.

12. Any bowler who has qualified for a monetary award of \$600.00 (USD) or greater during the previous twelve (12) month period from the start date of the ORBIT 2025 Tournament is required to report the name of the tournament, prize amount, scores bowled and prize position (USBC Rule 319d). Failure to comply will result in the automatic and immediate disqualification of the bowler. The disqualified bowler will receive a score of zero (0). No refunds will be issued for disqualified bowlers.
13. USBC rules regarding the BOWLER'S responsibility to verify the accuracy of his/her entering average, whether submitted by the bowler, the team captain, or any other individual, applies to all bowlers. 14. Event placement and/or prize winnings shall be based on the higher average should the submitted average prize be higher than the bowler's actual average.

Average Adjustment

15. The tournament management has the authority to adjust the entering average of any bowler. Average adjustments will be applied as set forth under USBC rules. All average adjustments will be completed prior to the start of the tournament. A bowler unwilling to accept an average adjustment is entitled to a refund of their entry.
16. If a bowler has a current IGBO tournament average (comprised of a minimum of 21 games bowled during the 12-months (less 30 days) immediately preceding the official start date of August 29, 2025) that is one or more pins higher than their entering average (as outlined in Rule 10), they must use the higher tournament average as their entering average. It is the bowler's responsibility to report ALL tournament scores that are relevant in calculating their current tournament average. Failure to report this information may result in AUTOMATIC disqualification and loss of all prize winnings—subject to Tournament Management discretion.
